Dear Doctor Pillay

Caring for Laya Lee - Wilgeheuwel Hospital

Words seem so empty and small when trying to thank someone for doing something amazing, but words are all we have. Thank you so much for treating Laya Lee free of charge when we were so desperate to get her professional help. There is no reason at all that a specialist of your caliber should offer his services pro deo, and yet you went out of your way to make Laya's stay comfortable and affordable.

Thank you for your compassion and kindness and going out of your way to help this special girl. She has been hurt by adults before being removed and suffered great pain and trauma at the previous hospitals before your treatment. Without your support it would not have been possible for her to receive the quality of care that she did. She was treated with care, respect and kindness at Wilgeheuwel Hospital and we are extremely grateful for this.

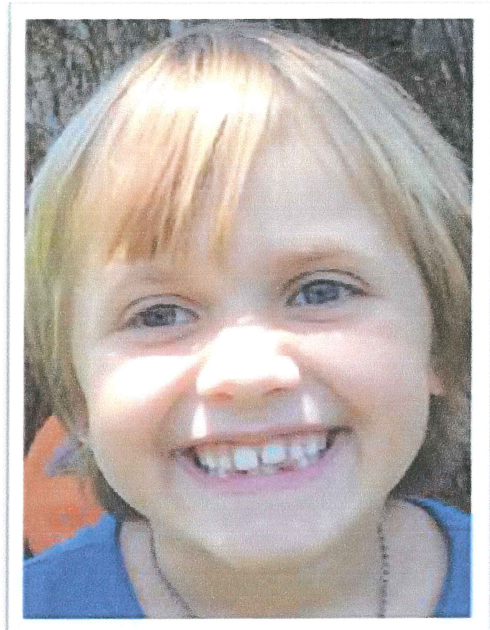

Thank you also for arranging for Dr du Preez to care for her during her time in theatre. We appreciate it.

We wish you all the success for your future and are grateful that we can say that one of South Africa's top specialists cared for one of our children.

Thank you once again for allowing us to give this special little girl the professional care that she deserved.

Kind Regards
